Below you will find a list of areas in which you can volunteer. Note that although it is very helpful for us to have skilled volunteers, it may not always be necessary. We would, however, like to know if you have previous experience or skills in the areas you choose to volunteer in. This will help us when we need individuals to help with specific projects, so **please check the relevant boxes**. Each area is essential for the rehabilitation and conservation of native Hawaiian wildlife, as well as the success of HWC, so we truly value your support and dedication.
