## **Hawai'i Wildlife Center Retail Store Grand Opening Week March 18-22.**

**Kapa'au, HI – March 13, 2014:** After much anticipation, the Hawai'i Wildlife Center Retail Store is open for business and celebrating the milestone with a Grand Opening Week event from March 18-22 9a.m. to 3p.m. daily. During the Grand Opening Week, the HWC Retail store will be offering specials including 50% off Patrick Ching's Hawai'i National Wildlife Stamp poster and a free gift with purchases over \$100.

All items in the store represent the HWC's conservation mission and celebrate Hawai'i's native birds and bats. Many of the items are works by local artists. The Retail Store carries a variety of items including books, hats, photography and art prints, children and adult clothing, and stuffed animals.

100% of the store's profits goes directly back into funding the critical wildlife conservation programs at the Center, including the hands-on care of sick and injured native wildlife at the Center's wildlife hospital in Kapa'au.

**Please come and celebrate this milestone for the Center, support local artists and contribute to the conservation of our native wildlife!**

The HWC Retail Store is located on Lighthouse Road in Kapa'au, HI. For addresses and directions, please visit our website:

## **About The Hawai'i Wildlife Center**

**The mission of the Hawai'i Wildlife Center is to protect, conserve and aid in the recovery of Hawai'i's native wildlife through hands-on treatment, research, training, science education and cultural programs.**

The HWC is a state- and region-wide wildlife response nonprofit organization. Our programs include disaster response responder training, contingency planning, research and hands-on wildlife rehabilitation at our wildlife hospital in Kapa'au, on Hawai'i Island. The Center supports wildlife response throughout the State of Hawai'i and the Pacific Islands Region and has the only native wildlife response and rehabilitation facility in

the State that meets and exceeds national standards.

To find out more about the HWC, support HWC programs, or join the HWC volunteer 'ohana, please visit [www.hawaiiwildlifecenter.org](http://www.hawaiiwildlifecenter.org).
